

Akash Gautam Walke

Web Designer & Developer

Objective

Ui UX Design, Web Designer and Web Developer.

I have been working in the Web Designer & developer field for over 3 years, with several different skills as mentioned above, I like to integrate all this knowledge to add to a simply incredible work. I've always heard that "who does everything, does nothing" and I try to prove the opposite and, modesty part, I've been doing a good job with it.
