01 · PROFILE

The short version

Full-stack developer from Nagpur with 9+ years of shipping websites, eCommerce stores and automation for brands in India and the UK. I combine clean engineering, conversion-focused design and SEO/GEO so products are fast, findable and effortless to use — and I connect AI agents and n8n / Make / Zapier workflows that keep businesses running 24/7.

02 · EXPERIENCE

Where I've built

Founder & Lead Developer

Independent practice · Present

Tech Akash Walke · Nagpur · India & UK clients

- 850+ website, eCommerce, SEO and automation projects delivered
- Leads strategy, UX, development, SEO/GEO and AI automation end-to-end

06 · PROCESS

How I work

01
Understand & strategise
Goals, audience, current site and the numbers that matter.

02
Design & build
Fast, SEO-first builds with AI automation where it saves time.

03
Launch & grow
Testing, hand-over, analytics and continuous improvement.

NEXT STEP

Let's build the future.
